Important Notes:

1. This certificate is valid providing the beneficiary belongs to the company mentioned above. It is valid for two years until 24/10/2019
2. The skills acquired during this training must be maintained through regular professional practice.
3. The operations for which the beneficiary has been trained must be performed in compliance with the requirements specified in the applicable Tractel® manuals, of which the beneficiary must have a copy.
4. To carry out the operations for which he was trained, the beneficiary must be in possession of a written professional approval drawn up by the Head of the company, on the basis of all necessary elements, including:
 - This certificate within its period of validity,
 - All legal and regulatory requirements and standard usage,
 - A current certificate of medical fitness,
 - All additional trainings and approvals required (e.g. working at height, electrical approval, etc.)
 - Proof of regular practice of those operations for which the beneficiary was trained.

Signed at Saint-Hilaire-sous-Romilly, the 8 February 2018
